# ABOUT US

**At Café Henrici, it's all about coffee.**

**Celebrating this wonderful drink in various ways, we believe that a unique coffee experience goes beyond the taste.**

**Inspired by San Francisco's coffee culture, the family business has become an integral part of the Zurich coffee scene and its Niederdörfli since its opening in June 2009.**

**This is due mainly to the coffee itself. A close cooperation with the roastery „Rast“ allows us to obtain first class roasted beans from the world's best plantations. But the frequently confirmed pleasure our coffee gives to guests is also due to the handcraft of our skilled and experienced Baristas. They transform the product into what it is, giving each cup the attention a really good coffee needs. Of course, this requires a little more time but it's really worth it – something we and our guests are convinced of.**

**We also know that to enjoy an excellent coffee one needs an attractive and inviting setting. At Henrici, we place high value on the right ambience, both inside and outside, on our terrace.**

**Entirely in line, we feel, with our namesake Christian Friedrich Henrici who wrote the text to Bach's Coffee Cantata which states, in a humorous way, that life without coffee is not worth living.**

**At Café Henrici, you are welcome from early morning until late in the evening!**
